## Conway High School Student-Athlete Wins National Honors

*The National Athletic Advisory Council Elects Conway High School Student-Athlete, Benton Causey, to 2023 Council*

**NASHVILLE, TN January 23, 2023** The National Athletic Advisory Council (NAAC) announced newly elected 2023 Council Members from a pool of thousands of candidates spanning the country, with Conway's Benton Causey topping the freshmen class.

Election to the NAAC is the highest sport psychology honor available to high school athletes. Nomination to the NAAC is open to athletes from all sports across all 50-states and is based on a level of excellence in Athletics, Academics and Personal Character. Once nominated, Athletes must apply for consideration, complete an interview process and if moved through to the final round, identifying information is removed from applications, then voted on by a team comprised of collegiate/high school athletic directors, collegiate/professional athletes and coaches, executive coaches, sport psychology coaches and other leadership professionals.

“The council was most impressed with Benton’s interview and candor as she discussed issues facing athletics and her drive to continue playing at the collegiate level,” said Catch23 Performance owner, Kaci Allen.

Benton Causey is a class of 2026 softball player at Conway High School and plays competitively for the Lady Dukes travel team. Having formerly pitched for an Intensity team, Benton brings a strong work ethic, academic success and wealth of knowledge of the challenges facing young athletes. Benton is the daughter of Richard and Penny (Benton) Causey of Conway, SC.

The NAAC is crucial in providing feedback to help direct programming for T.E.A.M. (*Training Elite Athletes Mentally*)

Varsity, the leading Sport Psychology program available to high school athletes. Members of T.E.A.M. Varsity have access to monthly live calls/workshops focused on sport psychology and developing and/or honing their own mental game as well as exercises, Q&As and more with leading experts. “At Catch23, we work with top Athletes around the world, helping them develop and keep an unstoppable mental game. We want high school athletes from the smallest town to the largest competitive arena to have access to the same expert knowledge, techniques, and exercises on their own time, in a way that’s not been available, until now,” said Allen.

“T.E.A.M. Varsity has changed our Athlete’s entire trajectory. Last year, he almost quit playing altogether but just recently accepted a full 4-year scholarship to a division one school, a dream come true,” said a T.E.A.M. Varsity parent. T.E.A.M. Varsity is transforming how the mental game is approached, combining expert knowledge and practical applications that help athletes in all areas of life, in addition to sport performance.
